Notice of traffic management on the A5 Hints Bypass

March 2021 | www.hs2.org.uk

High Speed Two (HS2) is the new high speed railway for Britain. Early works for HS2 are carried out by LM – a joint venture between Laing O'Rourke and J. Murphy & Sons.

There will be temporary traffic management

There will be lane closures in place on the A5 Hints Bypass between the Weeford Interchange and the A452 Sutton Road. These works follow similar works in early 2021. These will allow safe access to our work sites to prepare for future construction works, which include roadside vegetation clearance.

The lane closures will be in place from **9.30am** to **3.30pm** daily between Monday 12 April and Thursday 15 April. We will work on both the eastbound and westbound sides of the road as required. Our teams may be on site up to one hour before and one hour after the works to set up and secure the site at the end of each day. Please see the map overleaf for more information.

Access to properties and businesses will be maintained. Please see the map overleaf for more information.

HS2 and the COVID-19 outbreak

We are continually reviewing the works on our construction sites in line with Government and Public Health England (PHE) advice on dealing with COVID-19. The Government's current COVID-19 strategy makes clear that construction activity can continue as long as it complies with this guidance.

The health and safety of our workforce and the communities we affect is our key priority. Please be assured that those sites that are currently still working are doing so because they can operate within PHE and construction industry guidelines.

If you have a question about HS2 or our works, please contact our HS2 Helpdesk team on 08081 434 434 or email hs2enquiries@hs2.org.uk
