Notice of temporary marshalling on Bangley Lane,

November 2021 | www.hs2.org.uk

High Speed Two (HS2) is the new high speed railway for Britain. Early works for HS2 are carried out by LM – a joint venture between Laing O'Rourke and J. Murphy & Sons. Please note that the times and dates in this notification are subject to change.

There will be a temporary closure with traffic marshalling

We will close and employ traffic marshals on Bangley Lane on **Monday 29 November to Friday 3 December 2021** to allow safe access to our work sites to prepare for future construction works, which include roadside vegetation clearance. The traffic marshals will be stationed at either end of Bangley Lane and be in radio contact to maintain access for residents.

Our marshals will be in place between **9:00am and 4:00pm** with our teams on site one hour before and one hour after the works to set up and secure the site at the end of each day. This work is subject to consents.

Access will be enabled at all times for properties and businesses. Please see the map overleaf for more information.

HS2 and the COVID-19 outbreak

We are continually reviewing the works on our construction sites in line with Government and Public Health England (PHE) advice on dealing with COVID-19. The Government's current COVID-19 strategy makes clear that construction activity can continue as long as it complies with this guidance.

The health and safety of our workforce and the communities we affect is our key priority. Please be assured that those sites that are currently still working are doing so because they can operate within PHE and construction industry guidelines.

If you have a question about HS2 or our works, please contact our HS2 Helpdesk team on 08081 434 434 or email hs2enquiries@hs2.org.uk

About our Community and Business Funds

HS2 offers two funds that are available to local communities and businesses in Staffordshire and the West Midlands, to help with any disruption caused by our construction work. These are the Community and Environment Fund (CEF) and the Business and Local Economy Fund (BLEF).

The CEF is designed to give communities the opportunity to share in the benefits of HS2. It is an allocated fund that communities are able to apply for, to help to support local projects that aim to improve their local area.

The BLEF is designed to support local economies that may be disrupted by the construction of HS2. BLEF grants are for local business support organisations and local authorities to help maintain business activity in local communities.

For more information about each of these funds, including how to apply, please visit: www.groundwork.org.uk/hs2funds
